Me and My World

RE

LKS2 Term 1A

History

Finding out about the Victorian sea farers; their connection to the Falkland Islands; and their legacy on the Island and the world today.

DT Kaleidascope

Designing and constructing a kaleidoscope; evaluating their product and suggesting changes for improvement.

Journeys
Exploring the idea of life as a journey and how events that take place along the way can bring people closer to God. Consider ideas about death and what comes after – how we deal with bereavement and mark the significance of a life lived.

Science

Light

Finding out how we see and knowing that darkness is the absence of light. Knowing about the perils of the Sun and how shadows are formed. Investigating patterns in the way shadows change.

PHSE

New Beginnings

Covering empathy, self-awareness, motivation and developing social skills.

Getting on and Falling Out

Covering managing feelings, empathy and social skills.

Say No to Bullying

Covering empathy, self-awareness, social skills.

Art British Artists

Finding out about key British Artists: past and present. Investigating the themes and techniques they have used. Using those techniques to create their own images.

Maths

The Maths curriculum follows a cyclical cycle throughout the year. We follow the Abacus long term plan to ensure coverage throughout the year.

English

This term we will cover: stories by the same author; instructions and explanations; creating images; stories from other cultures; information texts; and humorous poems.

Geography

Richness of Life

Investing a variety of locations (e.g. Las Vegas, Kibera, Easter Island, Antarctica, Australia) to find out about climate zones, biomes, eco-systems and mineral distribution.

Computing

Developing Communication

Using online communication tools such as emails, blogs and discussion forums to support collaborative learning, safely and respectfully. Using simple sound editing software to record and manipulate sound clips. Complete CEOPs training.
