

# Mount Pleasant Extra!

Newsletter  
7th February 2020

This week I have been reflecting on how successfully we are able to use our unique situation to enhance our curriculum. Visits and visitors all provide our children with great opportunities to expand their horizons and deepen their learning.

## Visitors in school

We have had a number of visitors to school over the last two weeks who have all been keen to find out about our new school premises. They have spoken to staff and children to find out how much we love our new playgrounds, classrooms and school hall. They have learnt about how the move has really improved our learning environment and our ability to further our learning opportunities.

## Visits across MPC

We really appreciate the level of support and engagement that we receive from the community across MPC. Many units have welcomed us and hosted visits, some more than once! We appreciate the time and effort that it takes to arrange a visit and we always enjoy meeting people across camp. We ensure that our visits support and enhance the learning that takes place in school.

## Visits further afield

Our children have also enjoyed visits off-camp recently, which also support and enhance the learning that takes place in school. For example, Y3/4 visited Fitzroy to enhance their understanding of the history of the Falkland Islands and, how Falkland Islanders make their living. Next week Y5/6 are climbing Mount Tumbledown, to enhance their understanding of the history of the Falkland Islands.

## Construction club request...

Please can children who attend construction club bring in some boxes, tubes, cartons, etc so they can build something amazing!

## EYFS requests...

EYFS would be grateful if you could pass on any donations of empty tins, hats (not woolly), old glasses (we will remove the lenses) and wellies.

**Have a good weekend!**
