6th March 2020

Concert

If you were lucky enough to attend the concert yesterday afternoon, I'm sure you enjoyed it as much as I did!

Mr and Mrs Betley left the island today with our thanks ringing in their ears...!

We are already looking forward to the Head of the Music Service, Mr Kille, visiting us in June.

Request for cardboard boxes

Year 1/2 will be doing junk modelling as part of a D&T project next week. All boxes will be gratefully received.

Nasal Flu Vaccinations

Nasal Flu vaccinations will be undertaken, at school, on Tuesday 10th March. Please ensure that you have returned the consent form if you wish your child to receive it.

School Improvement Update

Following on from our Safeguarding Update, this week we are focusing on our School Improvement Plan (SIP).

We are very proud of our school and consider it to be a good school. In order to ensure that we continue to grow and develop, every year we create a school improvement plan and identify key priorities to focus on. I have attached a summary of our school improvement plan so that you are aware of our 4 key priorities

Maths Reading Leadership EYFS

The SIP gives staff a clear focus for action planning and monitoring activities across school. We regularly evaluate our progress towards the priorities to ensure that we continue to improve.

Have a good weekend!

Louise Brown
